Overview

We are on a mission to change the way the world thinks about meetings. We want to break the cycle of your calendar being booked up back to back. We want to create a culture where no one has to sit in a boring or unproductive meeting again.

This 3 hour workshop is packed with practical tips, tricks and tools to help your team make the most of any time spent in meetings. We'll also empower every participant whatever their role, to cheekily and positively disrupt bad or outdated meetings habits.

We will also spend time focusing on the cost of meetings and sometimes even help your team question the need for a meeting at all.

Adopting a blended learning approach, we complement the 3- hour face to face workshop with on-line resources such as checklists, sample agenda and purpose statements.
